SUMMARY

Hello, I'm Dipak, a Data Science student. I'm excited to begin my career and bring my skills to a growing company. I am familiar with programming languages, technologies, and tools, ready to make a meaningful contribution.

TECHNICAL SKILLS

Skills: C, Python, JavaScript, React, Flask, HTML, CSS, Tailwind CSS, SQL, MySQL, Git, GitHub, VS Code

PROJECTS

CryptoX - (Website)

github.com/malidipak/cryptox

- CryptoX is a React website that provides real-time data on various crypto coins prices.
- Leveraging the CoinGecko API, this platform offers up-to-date information on cryptocurrency prices.

HouseHub - (Web-App)

github.com/malidipak/react-househub

- HouseHub, an online marketplace for buying, selling, and renting houses.
- This project is built using React and Firebase, providing users with a seamless experience to explore and engage in various real estate activities.

TRAINING

Barclays - Soft Skills Program

Jul 2023

Completed a comprehensive 'Employability Skills' training program as part of the 'LifeSkills' initiative. Developed soft skills, including communication, teamwork, problem-solving, and adaptability, to enhance career prospects.

Zensar - ESDP Program

Jul 2022

Completed the Zensar Technologies Employability Skill Development Program under the RPG Foundation, where the training encompassed Java programming, SQL, and aptitude, while benefiting from comprehensive support.
